NATURAL STONE. CONSIDERED DETAIL.

# Marble, Granite & Stone Solutions

COMPANY PROFILE

## Materials that define spaces.

Supply, installation & restoration in Bahrain

**AL MINAR GROUP**

STONE FOR YOUR PROJECT

## WHO WE ARE

Hajar Al Minar brings together a varied collection of natural stones sourced from around the world. Based in Bahrain, we work closely with customers to understand their project requirements and translate them into practical material solutions.

## WHAT WE DO

We support projects through material selection, stone supply, installation and restoration. Our experience includes countertops, vanities, flooring, wall cladding and steps for residential, hospitality and commercial applications.

## OUR COMMITMENT

We aim to create long-term value through attentive service, quality and commitment. By considering appearance, application and budget together, we help customers make informed choices for their spaces.

# Stone solutions, from selection to finish

01

## Material selection

Colours, patterns and finishes considered against the intended application and design.

02

## Stone supply

Marble, granite, limestone, travertine and other materials supplied to project requirements.

03

## Supply & installation

Countertops, vanities, flooring, cladding and steps within the agreed project scope.

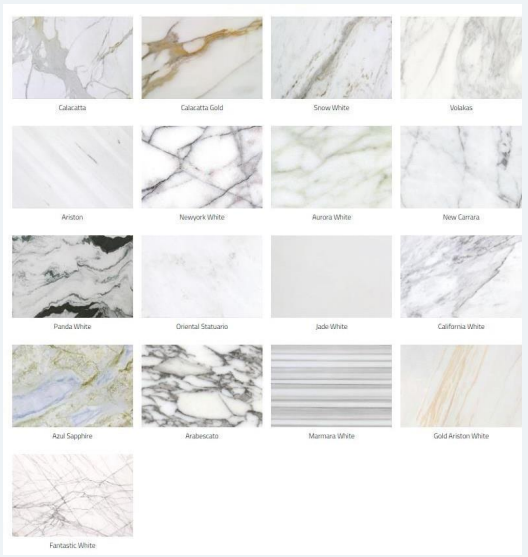

04

## Restoration & polishing

Treatments selected according to the existing marble and condition of its surface.

# Natural variation. A considered selection.

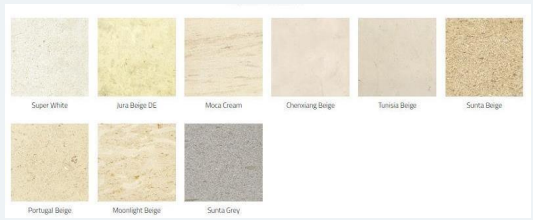

Explore materials by colour, texture and application. Material availability and specifications are confirmed for each enquiry.

## MARBLE

## GRANITE

## LIMESTONE

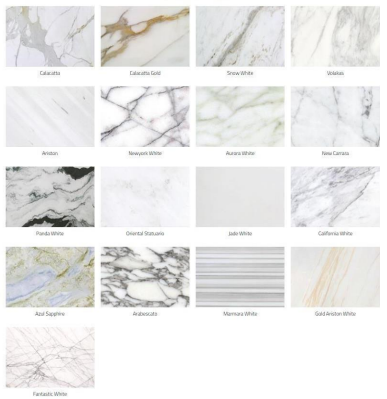

## TRAVERTINE

# Colour, movement and individual character

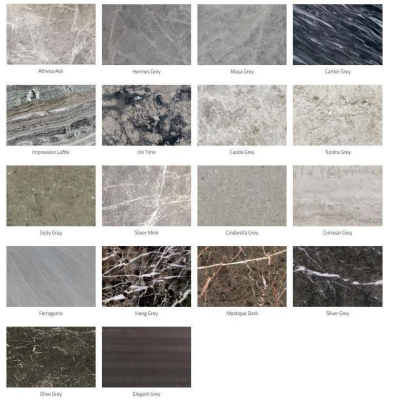

## MARBLE

From subtle neutral tones to bold natural veining, marble brings depth and individuality to a space.

The collection includes white, grey, beige, brown, black and green marble, alongside decorative stone selections.

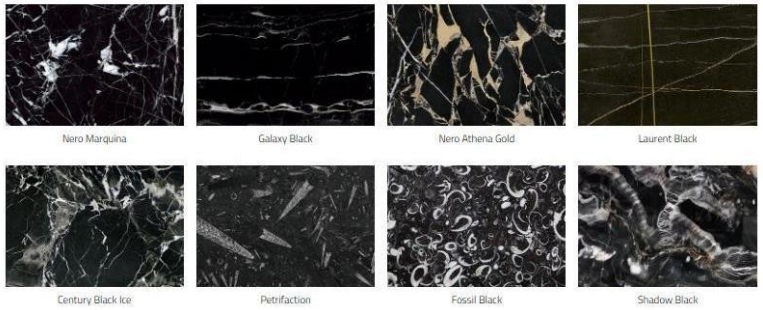

WHITE TONES

GREY TONES

WARM NEUTRALS

DARK & EXPRESSIVE

# Materials selected for the application

## GRANITE

Selections include Black Galaxy, Absolute Black and Tan Brown, alongside other varieties represented in the project portfolio.

### FINISH & APPLICATION

Kitchen tops, vanities, wall cladding, entrance steps and external surfaces. Stone, finish and suitability are agreed for the intended use.

# Beautiful surfaces. Purposeful details.

# Renew the finish. Retain the character.

## RESTORATION REFERENCE

## Orman Garden Villa 04

Saar, Bahrain

Marble restoration & polishing

### CARE FOR EXISTING STONE

Marble restoration and polishing can improve the appearance of worn surfaces while retaining the character of the existing material.

Our restoration references include work at Orman Garden Villa 04 in Saar. Treatment and expected results depend on the stone, its condition and the agreed scope.

# See the stone. Shape your project.

## EXPLORE THE COLLECTION

Visit our showroom to explore colours, textures and finishes, and discuss your project requirements.

Bring your drawings, dimensions or design references to start a conversation about suitable material options.
